

Good Practice Guidance for Care Homes			
Sorbaderm® Application Record Sheet			
When using this chart, write 'see Sorbaderm® Application Record Sheet' on main MAR. DO NOT DOUBLE RECORD			
Patient Name:		Date of Birth:	
Room No:		Preparation:	Sorbaderm®
Indication:	Prevention of moisture damage	Frequency of application:	After every third wash
Therapy started:		Review Date:	
Chart written by/date:		Chart checked by/date:	
Instructions for use: Apply a pea sized amount ONCE after every third wash . This is typically once a day. If pads are changed more frequently apply after every third wash and pad change.			
Additional notes: Good care should reduce the need for application. Wash skin with non-soap cleanser and dry skin well at each pad change. If using Sorbaderm® and skin is deteriorating seek advice. If skin is healthy review continuous use.			

How to Use this chart:

- Put X when patient is washed and Sorbaderm® is not applied.
- Initial in box when Sorbaderm® is applied.
